A Standard of Excellence, A Promised Commitment

Dedicated floor covering experts you can trust for all of your flooring needs

Who we are. Howard's Rug Company has worked on more San Diego landmarks, from hospitals to hotels, corporate offices to laboratories, schools and stadiums, than anyone else in our industry. We commit ourselves everyday to the quality service our customers deserve and strive to be the very best in the office and on the field. At Howard's Rug Company we have a complete team of experts including sales staff, product specifiers, floor covering specialists and support staff ready to assist and accommodate the ever-changing demand for quality flooring. Our best asset is the people who serve our customers, and are dedicated to this vision.

We are local. We service the greater San Diego area, Riverside and Imperial counties. We have relationships with the people and properties in our city; the manufacturers, distributors and facility persons who serve them.

We are knowledgeable. We provide, install and understand all types of floor covering from carpet, vinyl to tile and stone, epoxy, access flooring and concrete moisture suppression. We have cultivated our expertise for more than sixty years, on tens of thousands of successful projects. We dedicate time to training and continuing education on new materials and techniques as well as potential hazards. Each day, we employ this knowledge in our craft.

We are loyal. We maintain ongoing relationships with the contractors, facility managers and business people we serve. Every project, every need is important to us, regardless of size or convenience. We stand behind the work that we do and more importantly, the people who count on us.

Services we offer include:

Pre-construction discussion including quantity reviews and budgeting
Plan layouts and production blueprints
Design and product specifications
Jobsite evaluation/estimation/inspection
Flooring installation- carpet, resilient, tile, stone, wood and much more
Furniture lifting, removal and replacement
Vapor emission testing
Concrete repair and resurfacing

Let us assist you with your next flooring project...
