Subject: Howard's Rug Installation - MCRD

Dear Rob:

As you know Scott and I visited your Mondo Sport Impact installation at the San Diego Marine Corps Recruit Depot (MCRD). I want you to know that your installation was absolutely top notch. This was a rather large project – nearly 18,000 square feet. All of the insets and accents were beautifully installed. This is a project that Howard's Rug and Mondo can be very proud of.

Sincerely,

Bill Bohrer
