Dear Rob Hailey and Chris Nolan,

August 1<sup>st</sup> - the "Grand Opening" of Breath Fitness in Poway has come and gone and once again your team at Howard's has really come through for us. As you know this was no easy project with its high end specialty floors and fast track schedule. Chris went above and beyond to make sure the owners were getting the best quality products for the best competitive price and when it came time to install Chris was on site meeting with the installers to make sure that our project was going to happen as promised.

We at K. D. Stahl Construction put everything we have into every one of our projects so that they are above industry standards and of the highest quality and it sure is nice to have a contractor like Howard's on our team that embraces the same high quality standards.

Thanks again for another outstanding performance.
